llama3.2:3b

The capital of Mexico is Mexico City (officially known as Ciudad de Mexico).

llama3.2:3b

That's close, but not entirely accurate. While Mexico City is the largest city in Mexico and is often referred to as the country's capital, its official name is actually "Ciudad de México" (City of Mexico), not "Mexico City". This is because the name "Mexico" refers specifically to the country, while "Ciudad de México" refers to the city itself. In Spanish, the word for "city" is "ciudad", which is a distinct concept from the country's name, "México".
